

# THE COMPANY 2023-2024

## REQUIREMENTS, ELECTIVES, REHEARSAL HOURS, AND PERFORMANCE OPPORTUNITIES

As we prepare to move into our new home, we felt that this was the perfect opportunity to introduce a new approach to our Company Program. We are excited to announce that for the 2023-2024 Season, our company will no longer be divided into Dance and Musical Theatre. We are one studio, working together to create works of art, collaboratively with our staff, our parents, and our students. The Company is chosen by audition and is open to students in Grades 2-12. The Company curriculum consists of required technique classes, rehearsal times, competition experience, and performance opportunities. Elective options offer our students an opportunity to cultivate personal interest while also ensuring progression of technique. This program is for students who are passionate and committed to learning life skills through the performing arts.
